ANDREW

Andrew was assigned to make a start on his two sections, given that he now has the information he needs from each individual member's assignment 1 website, which were compiled during the meeting.

BELLE

Ysabel (Belle) was assigned to start organising the project, properly setting up the group Github repository, making more changes to the Google Drive to facilitate a convenient experience, and make more in-depth notes for the meetings.

BEN

Ben was assigned to make a start on researching the IT Technologies that were chosen by the group during the meeting, and making notes where he can.

CAMPBELL

Campbell was assigned to make a start on researching the IT Technologies that were chosen by the group during the meeting, and making notes where he can.

TUNG

Tung was assigned to expand and improve upon his project idea as best he can while he awaits for assignment 1 feedback.

TOM

Tom was assigned to arrange and organise a time to meet and speak with his IT professional connection.
